

Hello everyone,

I hope the year is treating everyone well thus far. The time of bikes, bells and beer is soon upon us, so here are just a few words about some of what to expect from the week... I may have stolen the basic format from Louise last year.

Firstly, we have a couple of new faces joining us this year, so please extend the usual warm welcome to them and it's my understanding there is plenty of room still, so, even with mere days to go, keep recruiting.

As usual let's have a good focus on high quality ringing and striking and try to indulge in a nice variety of methods. Ultimately, however, I want everyone to get the most out of the week and enjoy themselves, so let me know what you want to do.

Along with the usual fayre of ringing that we partake in, the Grandsires and the Stedmans etc. here are a few suggestions of some methods to focus on.

At 6 Bell Towers

The Cambridge 6 (Cambridge, Primrose, Ipswich, Norfolk, Hull & Bourne)
There will be a particular focus on Bourne which we will ring at Bourne.

Surfleet

At 8 Bell Towers

Standard 8 (*There will be a particular focus on Lincolnshire considering the location*)

Plain and Little Bob

Additionally there are two 10 Bell and a 12 Bell to enjoy. Here I am suggesting we focus on good ringing and try not to over complicate things too much and have left the list quite sparse as I hope for the ringing to flow organically with each day. That being said, with all the ringing for the week, I am open to suggestions and want everyone to take away as much from the week as possible, so if you have any requests, please email me or just talk to me at any point.

Throughout the week I will always be available on 07xxx xxxxxx.

I look forward to seeing you all and to another great rovers. If you don't know me, I'll be the stoker on the tandem.

Kind Regards,

Kevyn.
